School Trustee May Favors Free Books For City Children

New Topic Comes Up For Discussion at Regular Meeting of School Board—Matters is Left Over For Further Discussion—Considerable Debate on New Building Program for the Year

BUSINESS TRANSACTED BY THE SCHOOL BOARD

Instructed building commissioner to prepare preliminary plan of administration building to be erected this year.

Accepted terms of Sumer-ville Hardware Co. for electric fixtures for Westmount, McDougall, Gray and King Edward schools.

Appointed committee to organize advisory industrial committee on technical education.

Authorized building program as outlined.

That the exclusive right of distribution in Alberta of the Barnes writing books recommended for use in the Edmonton public schools is vested in the Douglas Co. Limited, come at the meeting of the school board last night, Superintendent W. G. Carpenter said these books were already in use in the public schools of Calgary. The Barnes copy books were a revelation to the board system, now acknowledged to be the best.

The matter was brought to the attention of the board by the reading of a letter from Alex. D. Barney, writing that school books are not to be provided free. L. D. Barney would not be governed cheaper than at the present price (10 cents), and declared that the board should not attempt to purchase its books in the open market. Mr. Carpenter replied in the department of education had already gone into the price of school books, and would see that the conditions as obtained in this regard in the past would not be duplicated.

Free Securing Free School Books

Alex. May is of opinion that the time has arrived when an effort should be made to secure free text books, exercise books, note books, pencils, pens, pencils, etc. for the use of the pupils attending the public schools of the city.

In a letter to the school board last night, Mr. May pointed out that the department of education authorized the text books in use in the schools of the province, and make no purchase and use compulsory. Mr. May's letter went on to say:

"The department of education already supplies the authorized readers, for or the teaching of writing, and it seems to me, however, that the government should go farther than this, and make it its duty to furnish free of cost all other text books required by the pupils of the public and high schools of the province. While I desire and think it is the duty of the pupils of this board to secure these text and supplies free of cost, I do not think it proper that this board endeavor to supply free text books to our pupils without first finding out if it is not possible to have the provincial department of education to supply them."

Recommendations Purchases

Mr. May further recommended that the superintendent submit a report based on the opinion of the teachers.

1—Ten holders, pen points, pencils, erasers, paints and paint brushes.

2—All rough exercise books and scribbles.

3—All note books, composition books and copy books.

Mr. May further recommended that the superintendent submit a report based on the opinion of the teachers.

GIVES PRAISE TO PRESIDENT OF THE SON

London Daily Graphic Pays High Tribute to United States President

By Bulletin Leased Wire.

LONDON, March 6.—The Daily Graphic in an editorial this morning, praises President Wilson's message to congress yesterday, urging the ratification of the Panama Canal Act, exempting from the payment of tolls American commercial shipping.

"President Wilson yesterday offered the United States and the world outside," says the Graphic, "an singularly impressive illustration of the influence and power of the man which he interprets his duty as the chief magistrate of the republic, to right and to do right. He has done so generously without quibble or hesitation, a lesson that should be a challenge to the world of statesmanship, and President Wilson has taught it with admirable effect. He has failed to emphasize the fact that in matters of this kind the honest honesty is also the largest wisdom."

as to the quality and kind of materials to be supplied and the quantity probably required for one year; that tenders be called for from the local firms for supplies of this kind, that they be distributed to the schools in quantities to last at least one term, and that memorial be presented to the department of education at an early date, recommending that all text books authorized by the department be supplied to pupils of the province free of cost. The question was left over for further consideration.

The school management committee reported that they had estimated the accommodation that would be required to take charge of the increase in enrollment during the present year. This building program, as announced in the Bulletin on Wednesday, is as follows:

Four-room addition to North Edmonton school.

Four-room addition to McCauley school.

Eight-room addition to Rutherford school.

Seventeen-room school in vicinity of Eastwood site.

Two-room temporary school on Block 14, Cromdale.

Two-room temporary schools in vicinity of university grounds.

Two-room temporary school in Glenora.

Programme Is Discussed.

Considerable discussion preceded the adoption of this report. J. M. Kenzie said it was not a fact that

BRITAIN'S BUDGET IS LARGEST IN HISTORY

Provides This Year For Expenditure of Over Two Hundred Million Pounds

Prosperity Has Helped Chancellor

New Taxes Are Now Considered Unavoidable Who Will Be Taxed is the Question

By Bulletin Leased Wire.

LONDON, March 5.—The chancellor of the exchequer is busy preparing his budget and financial experts of newspapers are busy forecasting the nature of the budget and are assisted in their work by the government's publication of the estimates and expenditures. These were virtually completed yesterday when the annual estimates were circulated.

The indications are that the chancellor faces a budget of £200,000,000, the largest in the country's history. The army requires only a half a million pounds more. This is to be met by the sale of the surplus of the estimates and expenditures. The war minister is, as seen on land, Mr. Winston Churchill is on the water. The civil service requires an additional £22,000,000 and the post office £5,000,000 more.

The chancellor has benefited for six years by unimpeded property. The army requires only a half a million pounds more. This is to be met by the sale of the surplus of the estimates and expenditures. The war minister is, as seen on land, Mr. Winston Churchill is on the water. The civil service requires an additional £22,000,000 and the post office £5,000,000 more.

MAYOR'S TRIP EAST IS IN CONNECTION WITH FINANCES

Answering persistent questions put by Aldermen Smith and Caldwell, Mayor McNamee told the city council yesterday afternoon that his trip to the east, which is expected to last three weeks or a month, is in connection with the city's finances.

He also stated when questioned that Commissioner's trip to Montreal was for the purpose of securing a new street railway superintendent. This was the first time this information has been given to the city council, and has been away some ten days, and is expected home today.

Some of the aldermen thought it would be a wise move, other thought it was an insult to the aldermen to take the matter out of their hands, and still others wanted to know why the city council should be asked to pay for the mayor's trip.

Some of the aldermen thought it would be a wise move, other thought it was an insult to the aldermen to take the matter out of their hands, and still others wanted to know why the city council should be asked to pay for the mayor's trip.

Mayor Talks Again of Graft; Wants Committee To Select

Suggests That Three Citizens Pick New Cemetery Site—Some of Aldermen Approve of Suggestion, Others Say It Is an Insult to Them—Matter is Left in Abeyance

When yesterday afternoon's special meeting of the city council was about to adjourn, Mayor McNamee brought up the cemetery site question by suggesting that an outside committee be named to select a new site in order to get the cemetery out of the city.

Some of the aldermen thought it would be a wise move, other thought it was an insult to the aldermen to take the matter out of their hands, and still others wanted to know why the city council should be asked to pay for the mayor's trip.

STREET NAMING \$100 PRIZE

The Council of the City of Edmonton offer the above prize for the best scheme for the naming and numbering of the streets of the City. The system must be feasible for Jasper and First streets.

The scheme must be adapted for most of the streets of the city, and must include a general plan of the city, showing the streets and their numbering.

The scheme submitted must bear a name of place, and have sender's name and address, and be sent to the City Engineer, by mail, on or before the 15th inst.

THE CITY CLERK, City Clerk, Edmonton, Alta.

MAJORITY CIVIL CASES IN SUPREME COURT

Large Number of Actions Will Come Up For Hearing Next Week

Trials of non-jury cases in the supreme court will be adjourned after the week. The civil cases have taken up the attention of the court longer than was expected, and as they will continue next week, the civil jury cases to be tried will begin on Monday morning at ten o'clock before Mr. Justice Bell. The following civil jury cases are on the docket:

R. Corpehan et al. vs. Walter T. Parsons. Action by a number of men who were employed by defendant Parsons to haul and remove 55,000 cubic yards of solid rock on the C.N.R. near Fitzhugh.

The claim is for \$15,938.16. M. M. Charleau for plaintiff; Short, Cross, Hargreaves & Co. for defendant.

Michael McIntyre vs. Alexander C. Galbraith and George G. Whyte vs. Alexander C. Galbraith. The plaintiff Galbraith is a general superintendent of construction of R.R. E.C. Railway, and the claims are for damages as a result of an accident made on the C.N.R. by defendant. M. M. Charleau for both plaintiffs; Short, Cross, Hargreaves & Co. for defendant.

Anna Stuchlik vs. A. S. Shand et al. Plaintiff is the wife of Myron Stuchlik, editor of an Austrian newspaper by name "Nowiny". The defendant is the publisher of a paper called "Rusky Holos". Defendant published an article in his paper calling the plaintiff a "kiss-kiss" and she is suing for damages for libel, claiming the sum of \$100. M. M. Charleau for plaintiff; McKay, Hanley & Boyd for defendant.

George Smith vs. Henry C. Ulen et al. The plaintiff Smith, while engaged in work on a railway, was being constructed by Ulen, was seriously injured as the result of the explosion of dynamite. Plaintiff claims \$20,000 damages, or in the alternative, the cost of medical and hospital expenses. The compensation Act, Meers, Parsons, Elmer, Newell, Ford & Co. for defendant; Ulen and J. C. P. for plaintiff.

Fred Baines vs. Wally Baines, action for damages for \$500. M. M. Charleau for plaintiff; Elmer & Harvie for defendant.

Patrick Condon vs. Charles Sharp and Wallace Sharp, A.C.P. Action for damages for \$100. Plaintiff claims a result of injuries received by him on the 29th of March, 1912. He was walking along the C.N.R. in Danne avenue where the new C.P. building was being built, when some frame work or door fell on him, injuring his back and spinal cord. The claim is for \$100. M. M. Charleau for plaintiff; Parsons for defendant.

Samuel Radwin vs. Walter T. Parsons et al. Action for damages for \$100. Plaintiff claims a result of injuries received by him on the 29th of March, 1912. He was walking along the C.N.R. in Danne avenue where the new C.P. building was being built, when some frame work or door fell on him, injuring his back and spinal cord. The claim is for \$100. M. M. Charleau for plaintiff; Parsons for defendant.

Samuel Radwin vs. Walter T. Parsons et al. Action for damages for \$100. Plaintiff claims a result of injuries received by him on the 29th of March, 1912. He was walking along the C.N.R. in Danne avenue where the new C.P. building was being built, when some frame work or door fell on him, injuring his back and spinal cord. The claim is for \$100. M. M. Charleau for plaintiff; Parsons for defendant.

Samuel Radwin vs. Walter T. Parsons et al. Action for damages for \$100. Plaintiff claims a result of injuries received by him on the 29th of March, 1912. He was walking along the C.N.R. in Danne avenue where the new C.P. building was being built, when some frame work or door fell on him, injuring his back and spinal cord. The claim is for \$100. M. M. Charleau for plaintiff; Parsons for defendant.

Character

Wall Papers no less than individuals have character, good and bad, and the varying degrees between. You can create harmony of design and color in your home that will at once educate and inspire, or you can confuse, debauch and even debauch the finer natures of those compelled to endure such surroundings. You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

You should be as careful of the character of the paper you use as you are of the character of the paper you use.

RESULT OF LATEST DOMINION LOAN IS FAIRLY SUCCESSFUL

Twenty-one Per Cent Taken Up by Public—78 Per Cent Left With Underwriters

REMAINDER OF LOAN TO BE TAKEN UP BY TRUST FUNDS

Loan Has Gone Better Than the Dominion Issue of Last December

Canadian Associated Press.

London, March 5.—It is officially announced that 21.5 per cent of the new Dominion of Canada £100,000 four per cent loan at 99 has been taken up by the public, 78.5 per cent being left with the underwriters.

In view of the size of the loan, and the fact that it completes a total borrowing by the Dominion in London of £12,000,000 within less than six months, the result is quite favorable. The stock is quoted today at a fractional discount, but as it is a trust security and trust generally are unable to apply for a new issue directly on its appearance there is no doubt that plenty of orders will come into the market very shortly.

This latest loan, in fact, has gone better than that issued at the same price in December, of which seventy per cent was taken up by the public and eighty-three per cent left with the underwriters.

TRUE BILLS RETURNED

Hagel and Westlake Indicted on Charge of Conspiracy in Escape of Kriehenko.

Winnipeg, March 5.—The grand jury today returned true bills against Percy Eldon Hagel and John Westlake, committed for trial charged with conspiracy in the escape of John Kriehenko from the central police station. The prisoners will be arraigned this afternoon and the case will be remanded until tomorrow when it will come up for hearing should the other cases proceeding it be completed.

VICTORIA BILLS ARE

NEGOTIATED AT 4-14.

London, Mar. 5.—Bills of Victoria, B.C., to the value of \$50,000 pounds, maturing next March, were negotiated today at 4-14 per cent.

ELEMENT OF DANGER IN FLYING IS EXAGGERATED

This is Statement of Winston Churchill, First Lord of Admiralty, Who Says "Men Lives Are Lost in Submarine Service—Discusses Trans-Atlantic Flight"

London, March 5.—Winston Churchill, first lord of the admiralty, who is now an expert aviator, gave his opinion last night on the Atlantic flight.

"We are talking more hopefully of flying the Atlantic than people talked four years ago of flying the channel."

"I think the attempt to fly the Atlantic in the present circumstances is premature, with an undue element of risk, but progress has been enormous and we cannot doubt in the near future we shall see heavy aeroplanes and great dirigible making voyages."

Referring to Colonel Holden's remarks on the general risks of flying, Mr. Churchill said: "I agree. The risk of flying is very greatly exaggerated. Since I have been in the admiralty many more lives have been lost in the submarine than in the air service. Though there is an element of risk in flying, it is not undue nor excessive."

WINSTON CHURCHILL.

EDITOR-IN-CHIEF McNAMARA NAMES THE GAZETTE EDITOR

Leonard W. Brockington, Erstwhile Newspaper Man, Has Been Promised Position at \$176 Per Month—Other Contenders for the Post.

(From Evening Edition)

Editor-in-Chief McNamara of the new municipal gazette has decided, so it is stated, that Leonard W. Brockington, sometime newspaper man and more recently clerk in the commissioners' office, is to be the editor of the new weekly "atentographic" record at a salary of \$176 a month.

Confirmation of this was given at a meeting of the city commissioners yesterday afternoon, when arrangements were being made to hold a special meeting at which Alderman Sheppard might be present. Secretary English suggested that Mr. Brockington "knew all about newspapers," and so might be a good man to have called into consultation. It further was stated that Mr. Brockington had been promised the position of editor.

But there are other contenders. It is known that J. Stewart, city hall reporter for the Daily Capital, since W. H. Todd left that position to become secretary of the elective commission government committee, has received assurances that he

would be promoted from reporter to editor.

There is to be a special meeting of the city commissioners this afternoon, and some details for the publication of the gazette then may be worked out.

IS VICTIM OF X-RAY

Pioneer Manufacturer of X Ray Tubes Succumbs to Disease Induced by X Ray Poisoning.

Hartford, Conn., March 5.—Henry Green, pioneer manufacturer of X Ray tubes, died at his home yesterday of carcinoma of the liver, induced by X Ray poison. He was born in England 34 years ago. He developed first focusing tubes to be successfully operated and gave many public demonstrations, later beginning the manufacture of tubes on a commercial basis.

John Bauer, a glass blower, who aided him in the development of the tubes, died from the same disease in 1904.

McPHERSON RETURNS TO STORES AND WORKS

Former Superintendent of Department to Be Made Assistant at \$200 a Month

(From Evening Edition)

John McPherson, once superintendent of the stores and works department, and recently secretary of the Edmonton Builders' Exchange, is to go back to the stores and works department as assistant superintendent at a salary of \$200 a month.

McPherson already has resigned from his position with the Builders' Exchange, and states that he is going to join the stores and works staff.

When Superintendent Chown was asked yesterday when Mr. McPherson was to take office, he replied that he did not know anything definite was settled yet.

"I do not know much about it myself," he said, "I understand he was to come up here as assistant to me, but he has not been up to see me yet, so I am not sure."

When the estimates for the stores and works department were laid before the city council some ten days ago, provision was made for a salary of \$250 a month for an assistant superintendent. At that time it was stated Mr. McPherson was stated for the position.

WINNIPEG BAND LEADER DEAD.

Winnipeg, Man., March 5.—James Johnson, leader of the band of the 108th, Winnipeg Rifles, for twenty years from 1893 to 1905, died at his home here today, aged 71, after a long illness. He was born in Kilkeny, Ireland, and served in the British army during three campaigns, taking part in the Crimean war and the Indian mutiny before settling in Canada.

SIR THOMAS IS NOT AFTER JOB

Montreal, March 5.—When asked today to make a statement in regard to the recurring rumor that he would take the office of high commissioner, Sir Thomas Slingsby said: "These rumors are quite baseless, and I cannot understand how they got started. Even if my ambitions lay in that direction, and I was wanted, I feel that the Canadian Pacific would have a lien on my services until I am too old to be of further use."

I-WON'T WORKS INVADE CHURCH: ARE ARRESTED

Several Hundred Unemployed Under I.W.W. Leadership Enter New York Church During Lenten Service, Ignoring Warning of Detective Threatening Their Arrest

New York, March 5.—Several hundred men who under the leadership of the I.W.W. have been marching on church edifices recently, were arrested last night in St. Augustine church on West Broadway after they had disregarded warnings that if they entered the church it would be under peril of arrest.

As the men neared the church, detectives informed Frank Tanserbaum, who has headed the demonstrations made during the last few days, that if the men entered the building they would do so at their peril. Tanserbaum instead of heeding the advice, called on the men to follow him.

A Lenten service was in progress in the church when the men marched in. Women screamed when they saw the intruders, who paying little attention, quickly occupied seats well in front. When the last of the men had entered the church the detectives ordered the doors locked.

Meanwhile the reserves from near-

by police stations had been called out and patrol wagons from all over the city were rushed to the scene.

When the police entered the church, anemonium ensued. For half an hour there was the wildest disorder, due in a measure to the efforts of the police.

The men were taken from the church in twos and conveyed in patrol wagons to police stations. Later they were brought into the domestic relation court for a preliminary hearing.

Tanserbaum, their leader, was charged with inciting to riot and held in \$5,000 bail for hearing tomorrow. The other prisoners, charged with disorderly conduct, were held in \$1,000 bail for hearing tomorrow.

TO HANDLE FREIGHT AS FAR AS SAWRIDGE

E. D. & B. C. Railway Will Establish Service to Lesser Slave Lake in Two Weeks

Officials of the Edmonton, Dunsmuir and British Columbia railway have announced that within two weeks time the company will be in a position to handle freight to Sawridge at the eastern end of Lesser Slave Lake. The freight service to Smith, or Mirror Landing, has been in operation for some weeks.

It is pointed out that intending settlers or others anxious to send freight into the north country would do well to make arrangements for early shipment, as the company has only a temporary bridge on the line to Sawridge, and this may be put out of use when the high water comes in the spring. Freight sent in shortly might be freighted from Sawridge at once, or stored until the spring break-up, and then shipped by water.

FAVORITE IS SCRATCHED.

London, March 5.—L. Wain's Sir Martin, a hot favorite for the Lincolnshire handicap, is scratched.

TWO COMMISSIONS LEVIED ON GRAIN, PAID BY FARMERS

This is How System in Vogue in Great Grain Exchanges Works Out

ARE PRIVATE MONOPOLIES CONTROLLED BY ELEVATORS

Repeated and Unless Sales in Grain Exchanges Paid to Burd on Growers

Washington, D.C., March 5.—Further testimony charging the Chicago, Duluth and Minneapolis grain exchanges with being combinations in violation of the anti-trust laws, was taken today before the house committee which served to decide Saturday whether to provide the congressional investigation asked by Representative Mann's resolution.

It is now proposed to broaden the inquiry to investigate speculative transactions of the New York and New Orleans exchanges.

Officials of the stock exchanges will be heard late today and tomorrow.

Benjamin Drake, of Minneapolis, today continued his charge that the Minneapolis chamber of commerce is a private monopoly controlled by elevator operators and conducted in opposition to the interests of wheat growers. Drake described the methods of the chamber, which he said, were calculated to crush competition.

Farmers' elevators were denied accommodation by the banks and were forced to deal with the commission houses, Drake said. He charged that the Minneapolis chamber maintained a "concocted boycott" against the Equity Co-operative Exchange, and had not bought a kernel of that grain for months. He put into the record a letter from Secretary McFarb, of the chamber, to the manager of a Farmers' Elevator company, which he said sustained his charge.

Drake contended "repeated and unless sales" on the exchange added to the burden upon the growers. Commission houses, which bought from growers, never sold directly to consumers, he said, but sold to other brokers who perhaps sold to others before the sale to the consumer was reached. The result, he said, was a system of double commissions levied upon the grain and paid by the farmer.

Nordberg stated that the coal properties, being leased from the government, the company would be compelled to establish a "closed" town.

"The Large Thing to Do Is Only Thing We Can Afford to Do"—Wilson

—APPEAL TO CONGRESS ON TOLLS QUESTION.

President of United States Appeals to Congress to Voluntarily Repeal Tolls Exemption and Thereby Sustain National Honor of United States—High-Minded and Statesmanlike Utterance

Washington, March 5.—President Wilson perfectly apprised to Congress, assembled in joint session today, to sustain the national honor of the United States in withdrawing treaty obligations by repealing the Panama tolls exemption against which Great Britain protests. He asked Congress to do that "in support of the foreign policy of the administration of the United States," and added that an exemption for American ships not only was a "mistake," economic policy, but was in contravention of the Hay-

Panama treaty. "I shall not doubt how to deal with other matters of even greater delicacy and nearer consequence if you do not grant it to me in overriding measure," the President said.

Voluntary Withdrawal.

"The large thing to do is the only thing we can afford to do—a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so am capable."

"In my own judgment, very fully considered and maturely weighed, the exemption constitutes a mistaken economic policy from every point of view, and is, moreover, in plain contravention of the treaty with Great Britain, concerning the canal, concluded on November 18, 1911.

"But I have not come to you to urge my personal views. I have come to state to you a fact and a situation. Whatever may be our own differences of opinion concerning this much-debated measure, its meaning is not debated outside the United States. Wherever else the language of the treaty is given but one interpretation, and that interpretation excludes the exemption I am asking you to repeal."

"We consent to the treaty—its language we accepted, if we did not originate it. We are too big, too powerful, too self-respecting a nation to insist upon too strained or refined a reading of the words of our own promises."

"But because we have now enough to give us leave to read them as we please. The large thing to do is the only thing we can afford to do, a voluntary withdrawal from a position everywhere questioned and misunderstood."

"We ought to reverse our action without raising the question whether we were right or wrong, and so am capable. We ought to reverse our action without raising the question whether we were right or wrong, and so am capable."

"I ask this of you in support of the foreign policy of our administration. I shall not doubt how to deal with other matters of even greater delicacy and nearer consequence if you do not grant it to me in overriding measure."

once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation."

President Wilson's address, the shortest he has yet delivered to Congress, exactly 929 words, was as follows:

"Gentlemen of the Congress,—I have come to you upon an errand which can be very briefly performed, but I beg that you will measure its importance by the number of sentences in which I state it. No communication is addressed to the Congress carries with it graver or more far-reaching implications to the interest of the country, and I come now to speak upon a matter with regard to which I am charged in a peculiar degree by the constitution itself, with personal responsibility."

"I have come to ask for the repeal of that provision of the Panama Canal Act of August 24, 1912, which exempts vessels engaged in the coastwise trade of the United States from payment of tolls, and to urge upon you the justice, the wisdom, and the large policy of such a repeal with the utmost earnestness of which I am capable."

"The question of the future gas supply for the city was the important feature of the meeting. The industrial association at its weekly luncheon at noon today. Some weeks ago a tentative contract was entered into with a Peroleo, Ontario, firm to bore for gas in the Veazieville field, but after considerable telegraphic communication, no satisfactory arrangement was arrived at, and negotiations were entered into with the international supply co., of Medicine Hat. The result that a contract was signed, this afternoon whereby the company will immediately begin boring operations in the field, five or ten miles north of Medicine Hat. The company agreed to undertake the work at \$1000 per foot, to supply gas to the city, to remain in the ground up to six inches, to a minimum depth of 1,700 feet. W. B. Martin, representative of the company, was present and shortly addressed the meeting. He stated that the entire fact in the possibility of striking a sufficient flow of gas at this point, and increased the fact that were such not the case, his firm, with the large works now being built in the field, would not have considered the proposition."

"In order to meet the necessary financial obligations in connection with the project, it was decided that the company should have the subscription list open so that any man who wished to subscribe even a small amount might be able in the way to show that he was in the project and in the encouragement of striking oilfields which would be the benefit of the whole city."

"Mr. Martin personally expressed the hope that at very distant date he hoped to have as his guests the members of the association at the field in 'Viking,' where a barbecue would be held, the beef would be roasted by natural gas from a well bored for the future supply of Edmonton."

Chas. R. Hotchkiss, publicity commissioner for Alberta, gave an address on "Advertising and Its Application to Our Cause." Mr. Hotchkiss pointed out the advantages of intensive mixed farming and the advantages that had resulted in other countries through this method of agriculture. What others had done Alberta could and should do. The prosperity of our cities depended on our agricultural prosperity, and the way was to be the progress province we should have to meet and bend our energies in that direction."

GRAND MONOPOLY IS A POLITICAL ISSUE

Chicago Board of Trade Maintains a Lobby or 'School' for Congressmen

Washington, March 5.—The chamber of commerce of Minneapolis, the largest primary wheat market of the world, is a private market, a monopoly opposed to the interests of the producers. It is supposed to be a "school" for Congressmen, and Benjamin Drake, of Minneapolis, counsel for half a dozen growers' associations, secured sympathy before the house subcommittee. Mr. Drake and representatives of organizations of northwestern wheat growers urged the enactment of laws establishing Federal control of public terminal grain warehouses, government inspection and grading of grain and prohibition on dealings in grain futures, as provided in a bill, which the New York and New Orleans cotton exchange also has investigated.

Chairman Henry Cabot Lodge yesterday prohibited trading in cotton futures, as provided in a bill, which passed the house but failed in the senate, originally intended to grain control. It was alleged that the committee after grain men had made a statement.

Mr. Drake recalled this and charged that the Chicago board of trade intended an organized lobby or "school" for congressmen, which had admitted to the United States, and had no knowledge of the protest against the original bill.

Mr. Drake placed before the committee many of the rules of the Minneapolis exchange, which he said, showed its monopoly, tendentious and practices. He told of the collapse of the Chicago exchange, which he said, showed its monopoly, tendentious and practices.

The membership of the chamber has increased since its organization, he said, and those limited to the exchange of members, elevator and milling companies, had a large extent. Several milling companies, he said, a single company having more than a dozen members.

Magnus Johnson, of Kimball, Minn., vice-president of the Equity Co-operative Exchange, at Minneapolis, called before the committee declared that the demand for grain, which he said, produced was eaten up in delivering to the consumer, because of middlemen. He warned the committee that the question of grain monopoly would be a serious one, and that if it were not soon granted to the farmers.

Mr. Johnson said that the question of grain monopoly would be a serious one, and that if it were not soon granted to the farmers.

Madeline-Suzanne was joined in matrimony to the son of the stomach. The junction was of the most stomachic kind, and the marriage was a success.

The marriage was a success, and the couple were joined in matrimony.

WINNIPEG GRAIN

Winnipeg, March 5.—The Liverpool market opened and closed unchanged. Liverpool showed a decline, while European markets showed an advance. These conditions did not influence the active movement in Winnipeg. The only important transaction announced during the sale of the wheat was for export. Wheat of the lake is being worked for export. The market is generally higher, but trading was not active.

The market is generally higher, but trading was not active. The Canadian loan 75 per cent. discount, Consols closed at 7-16 discount. Cables closed at 1-1/2 to 1-1/4.

Siamese Twins Are Separated By Operation

Successful Operation Performed in Paris—Twins Were Born November 28, 1913

Paris, March 4.—The operation of separating the "Siamese twins," Madeleine Suzanne, who had been born in France since Dr. J. B. Murphy, of the University of Chicago, performed the operation.

No such operation had taken place in France since Dr. J. B. Murphy, of the University of Chicago, performed the operation.

The twins operated on today were born November 28, 1913. They were weighed ten pounds. Both children were perfectly healthy and they were extremely lively.

Madeline-Suzanne was joined in matrimony to the son of the stomach. The junction was of the most stomachic kind, and the marriage was a success.

The marriage was a success, and the couple were joined in matrimony.

The marriage was a success, and the couple were joined in matrimony.
